

Series on Exploring Combinatorics and Number Theory

October 12-13, 2019

Plenary speakers:

Dean Hoffman and Carrie Finch-Smith

The mathematics department at Cedar Crest College was overwhelmed by the positive feedback that we got from last year's conference. We are pleased to announce that we are going to be holding SECANT 2 this year once again at Cedar Crest College. So, come one, come all to the second annual SECANT conference. Please feel free to share this page with friends and colleagues.

The more the merrier!

We would like to thank Cedar Crest College for their contributions to this conference.

For more information and registration information,
please visit the SECANT website at:

<https://tinyurl.com/SECANT-Conference>

Hope to see you in Allentown in October!
