**Student evaluation and Grading:**
To do well in this course, you should read the textbook before class, **think** about what is discussed during class, and **practice** selected text questions after class. These are crucial steps to developing your understanding of financial accounting. Your understanding will be assessed through a variety of tasks, including homework, assignments, midterm exam, a project and a final exam. To succeed, you need to frequently read the Wall Street Journal, New York Times or other national/global newspaper/internet source; and regularly attend and participate in class. **Read, think and practice.**

- Midterm 20%
- Final presentation 30%
- Case studies 30%
- Class participation, attendance 20%
  **Total 100%**

The exam consists of problems and essays. It is based on text, homework, lectures and discussions.

The case studies will provide an opportunity to think about the course topics outside the classroom. Details will be distributed.

Class discussion is evaluated based on relevance and contribution to a topic. In an effort to have students gain new perspective, questions are encouraged.

There are no extra credit opportunities.

**Classroom Expectations:**

All students are expected to attend class and contribute regularly to discussions. Students are expected to come to class prepared to discuss the assigned topics; therefore, they should read the assigned chapters prior to class. Students who miss class are expected to contact the professor and/or classmate. In addition, a missed class does not imply an automatic extension on an assignment’s due date. All assignments are due on the assigned due dates.

Each student is required to use her/his Cedar Crest email account for communication with the professor and fellow students. Students should check their email regularly.

Please turn off all cell phones, beepers and pagers prior to the start of class. If you use a notebook computer in class its use must be limited to class related purposes – not to check and answer email, instant messages or surf the internet.
