Classroom Protocol: Appropriate classroom behavior is implicit in the Cedar Crest College Honor Code. Such behavior is defined and guided by the complete protection for the rights of all students and faculty to a courteous, respectful classroom environment. That environment is free from distractions such as late arrivals, early departures, inappropriate conversations and any other behaviors that might disrupt instruction and/or compromise students’ access to their Cedar Crest College education. Please note that cell phones must be turned off during class. Any failure to comply with this protocol will result in a lowered grade on professionalism for this course and may impact the student’s final grade.

Attendance/Lateness/Leaving Class Early (Departmental Policy): Your attendance at all class meetings is expected and a vital part of the learning process. You may miss TWO classes. After missing two classes, you will be dropped a letter grade for each additional absence. Please keep in mind that you need a B in all education courses. Arriving 10 minutes late or leaving 10 minutes early will be counted as an absence.

Honor Philosophy: The Cedar Crest Honor Philosophy is based upon the principle that, as a self-governing body, students have the ability to create an atmosphere of trust and support. Within this environment, individuals are empowered to make their own decisions, develop personal regard for the system under which they live, and achieve a sense of integrity and judgment that will guide them through life. The professor reserves the right to proctor all student assignments including tests, quizzes, etc.

Late Submission of Assignments: Assignments are to be submitted to the instructor on the due date to receive full credit for the work. The grade on late assignments will be lowered by one full letter grade for each calendar day they are late except in the case of documented medical excuses. If you are having difficulty completing an assignment, please make an appointment to meet with me or with one of our academic advisors who are graduates of the program here at CCC and as such will be able to help you with lesson and unit planning, etc.

Plagiarism: Is regarded as a failure to comply with the college honor code. If it is determined that a student has used the work of another person and has not cited that person in APA style as the source of the idea(s), a grade of “0” will be earned for that paper. Students may not use the same paper, unit, lesson plan for more than one course without the permission (in writing) of both instructors. I hold the honor policy in the highest regard and would like to note that cheating (i.e. plagiarism of any kind (including Internet and the like), using materials previously established as “off-limits” (such as on take-home tests, or collaborating with other students on any “individually-designated” assignment will result in a “0.”

Student Accommodations: Students with documented disabilities who may need academic accommodations should discuss these needs with their professors during the first two weeks of class. Students with disabilities who wish to request accommodations should contact the Advising Center at extension 3484.
