Required Text: Business Law: Principles and Practices; Goldman & Sigismund

Course Description: Business relationships are largely based on contractual agreements. This course provides an introduction to the legal system as it affects business -- the nature and sources of law, legal process and institutions. Students will examine the legal environment of business balanced against an individual's rights and responsibilities in a free society. Particular emphasis will be placed upon contracts at common law and under the Uniform Commercial Code, and how these principles apply to modern business practice.

Course Objectives:

1. Discuss the legal environment of business
2. Understand the adversarial and court systems
3. Identify and analyze various laws that regulate business
4. Read, understand, analyze and draft a contract
5. Describe the elements that form a legal enforceable agreement among interested parties
6. Understand breach of contract and available remedies
7. Become familiar with the Uniform Commercial Code

Student Outcomes: Upon successful completion of this course, the student will have proficiency in the above.

Course Requirements:

1. **Attendance:** Class participation constitutes 20% of the students' final grade; therefore, class attendance is important. Assigned reading is to be completed prior to class, and students must be prepared to discuss the material. Class discussions will supplement, not summarize, the text material.

2. **Grading:** Final grades will be calculated as follows:

20%	Mid-term exam
20%	Contract
20%	Ethics Essay
20%	Final
20%	Class Participation

Students are expected to submit all assignments on or before the due date. Students who are absent from class are still responsible for timely submissions. Late submissions will not be accepted and will result in a zero grade for that assignment.

Note: This Syllabus is subject to change with prior notice from the professor.

Appropriate classroom behavior is expected of all students and implicit in the Cedar Crest Honor Code. Such behavior is defined and guided by complete protection of the rights of all students and faculty to a courteous and respectful classroom environment,
