Prior Knowledge The student is reminded that knowledge in nursing is cumulative and that she/he will be held accountable for prior learning. Furthermore, the student is expected to be knowledgeable about anatomy, physiology, pharmacology, and health/physical assessment as they relate to material covered in this course, as well as material from Research I. The student is responsible for material discussed in class as well as information covered in the required readings.

Classroom Protocol Appropriate classroom behavior is implicit in the Cedar Crest College Honor Code. Such behavior is defined and guided by complete protection for the rights of all students and faculty to a courteous, respectful classroom environment. That environment is free from distractions such as late arrivals, early departures, inappropriate conversations and other behaviors that might disrupt instruction and/or compromise students' access to their Cedar Crest education. Cell phones are to be placed on silence during class and are not to be answered while in the classroom. Sidebar conversations are disruptive to all students and will not be tolerated. Students who arrive late during a guest speaker will not be permitted to enter the room until a break, or until the lecturer has completed the presentation.

Attendance Students are expected to have prompt and regular classroom attendance in accordance with the policy stated on the syllabus. Absences will be **deducted as points** from your participation grade.

Late Assignments All assignments submitted late will receive a deduction of 10 points per day, increasing by 10 points every 24-hour period after the due date.

Both the electronic copy and the hard copy must be submitted on time. If one is late, 10 points will be deducted according to the policy. Do not wait until the last minute to post your electronic copy. Plan appropriately and allow for enough time to submit prior to the due time.

Email copies of assignments will not be accepted. The paper is to be

submitted according to the explicit submission policy provided.

If there are extenuating circumstances, these must be brought to the attention of the professor prior to the due date.

Honor Code Students are reminded to review the Honor Code and Plagiarism statements as found in the Cedar Crest College Customs Handbook. Students found guilty of Honor Code offenses will receive a failing grade in this course. Dishonesty constitutes a failing grade in this course.

Plagiarism is the presentation of someone else's ideas or language as one's own. Examples of plagiarism include turning in someone else's paper or lab report under one's own name with or without additions or modifications; downloading and turning in a paper from the Internet or including concepts, phrases, sentences, or paragraphs from print or electronic sources – whether verbatim or paraphrased – in one's own paper without proper attribution. As well, all papers are to be the student's original work. Submission of a paper from a previous course is unacceptable and will result in a zero. Unintentional plagiarism and accidental improper citation of sources according to APA is considered plagiarism.

All students are encouraged to review the reference material related to plagiarism located in the webliography of eCollege, as well as seek assistance from the professor, APA tutor and the Academic Advising Center with any questions about plagiarism and correct citation within APA. Ignorance of APA citation rules and unintentional plagiarism will not be accepted as a defense for plagiarized work.

Students who are involved in a group project or paper are responsible for all materials related to the project or paper. Students are to proofread the entire contents of the paper and correct any errors related to citations or plagiarism. If the paper is demonstrated to be plagiarized, all students will receive the same consequence, not just the student whose work it is. Understand that all students are responsible for any group project work or group paper as a representation of their work.

The penalty for plagiarism in this course is a zero in the assignment; however, the professor reserves the right to impose a harsher penalty.

Available Resources

Academic Advising services are available for students who request assistance with scholarly papers. Please confirm their hours of operation and allow ample time for an appointment.

An APA tutor is available through Academic Advising Services for the sole purpose of APA formatting questions. Please contact the Academic Advising Office for instructions on contacting the tutor. Allow ample time for an appointment.

The professor will determine a segment of office hours for students who seek assistance with assignments. This assistance is designed to provide guidance and is not meant to provide a complete graded review of the paper. Students are encouraged to seek assistance from Academic Advising for APA and grammar questions. The professor will not accept papers via email for review. If a student is unable to make the predetermined open office hours, she/he may submit a hard copy to the mailbox of the professor at least one week prior to the due date.
