Classroom Protocol

Learning Environment and Appropriate Classroom Behavior
Cedar Crest College maintains a classroom and learning environment dedicated to scholarly, artistic, and professional inquiry. The college’s community of learning is founded upon the intellectual freedom of students and faculty in pursuit of knowledge and understanding. Such an environment depends upon the insights of the liberal-arts disciplines, as well as a respect for the global diversity of viewpoints and cultural backgrounds.

The college expects students to conduct themselves in a manner that best realizes their own and other students’ education. Appropriate classroom behavior includes, but is not limited to, the expectations for students: to attend and be prepared for all classes, to arrive and leave on time, to treat the faculty members and other students with respect, to refrain from any activities within the classroom that do not directly pertain to the business of the class, to use language that is respectful and non-abusive, and to otherwise refrain from any behavior that disrupts or jeopardizes the learning environment as determined by a reasonable faculty member.

Late assignments
Ten points will be deducted for each day an assignment is late. On the fifth day the student will receive a grade of zero for the assignment. Students are to discuss extenuating circumstances with faculty prior to the assignment due date. Faculty reserve the right to determine extenuating circumstances.

Accountability for assignments
Students are to keep hard copies AND electronic copies of all submitted work.
