Required: "The Financial Management of Hospitals and Healthcare Organizations

Michael Nowicki

Health Administration Press, Fourth Edition 2008

Required: "Practice Problems and Case Study to Accompany The Financial Management of Hospitals and Healthcare Organizations, Fourth Edition" -- Michael Nowicki

Health Administration Press, Fourth Edition, 2008

Course Description COURSE DESCRIPTION:

This course will introduce the student to the major areas of financial decision making in health care. The course will review the different types of reimbursement from the government and private insurers for hospitals, outpatient facilities, home health care and skilled nursing facilities. Resource allocation methods and control of financial resources will be discussed and the interpretation and utilization of financial statements will be discussed. This course will highlight financial strategic planning concepts, managed care, capital budgeting and financial benchmarks necessary for work in today's healthcare organizations.

Course Objectives STUDENT OUTCOMES:

Upon successful completion of the course the student will:

- Be able to demonstrate an understanding of pertinent healthcare financial information and decision processes for health care finances.
- Have reviewed how hospitals, outpatients, skilled nursing facilities and home health care agencies are paid for services rendered, including prospective payment systems, capitation, rate/price setting.
- Be informed on the cultural, political, economic and environmental factors that affect health care.
- Be able to understand financial statements used in healthcare organizations on a high level and be knowledgeable on the different structures of financial statements.
- Demonstrate an understanding of ratio analyses used in healthcare organizations and benchmarking principles.
- Be knowledgeable about the budgeting and capital budgeting processes, zero based budgeting and return on capital.
- Have learned about the legal and regulatory financial environments in healthcare.

LEARNING METHODOLOGIES:

Learning Methodologies

1. Overview by Presentation/Notes
2. Assignments using Websites and Practiced Problems
3. Written Paper

4. Examinations
 5. Current Topics in Threaded Discussions (3)
-

Evaluation/Grading EVALUATION/GRADING

Discussion Participation 150 points (3 discussions at 50 points each) Two or more substantial entries for full credit.

Written Paper 100 points

Test 1 100 points

Test 2 100 points

Test 3 100 points

Website assignments (5) 250 points (50 points each)

Practice Problems (5) 200 points (40 points each)

GRADING SCALE:

93-100 = A 4.0 77-79 = C+ 2.3

90-92 = A- 3.7 73-76 = C 2.0

87-89 = B+ 3.3 70-72 = C- 1.7

83-86 = B 3.0 67-69 = D+ 1.3

80-82 = B- 2.7 60-66 = D 1.0

<60 = F 0.0

Honor Code/Online Protocol

- It is expected that students have read the assignments and are prepared for class.
 - It is expected that students will actively participate in class discussion via comments in chat.
 - It is expected that students will complete work for each unit.
 - It is expected that students will take examinations as scheduled. Failure to do so will constitute zero unless prior arrangements have been made with the instructor.
 - It is expected that assignments will be handed in on the due date. Late assignments will receive decreased points for each late day.
 - The Cedar Crest College Honor Code will prevail at all times. Any violation of the Honor Code will constitute a failure for the course. Plagiarism, as defined in the Cedar Crest Custom's Book of Rules, is considered an Honor Policy violation.
 - The Cedar Crest College Classroom Protocol will prevail at all times.
-

Syllabus

COURSE SYLLABUS BUA 340 Spring 2010

START DATE: JAN 19
